Camp Lehman Escapee Still Loose

James Smith, 34, escaped from Camp Lehman October 24 and still remains at large. The white blond 5'10" and 145 pound Smith was serving time at Lehman for manslaughter. He was wearing blue pants and jacket when last seen with a work crew at Hartwick Pines about 11:50 a.m. A suspect fitting the description was spotted on Sherman Rd. in Maple Forest Twp. about 3 p.m. the same day. Anyone with information about Smith can call the anonymous tip line at 348-6341 ext. 3000.

Mock Election at Grayling High

Grayling High School is one of 300 school districts that will hold student mock elections on Nov. 1st for presidential, congressional, and state offices. This will be part of the nationwide mock election program for high school students.

Government instructor Howard Lehti will be in charge of the school's mock election.

"This election gives our students a chance to experience first hand everything voters in the actual election will do," Lehti said.

The project is aimed at combating voter apathy and improving civic awareness.

James C. Failing Named Mason of the Year

James C. Failing was named 1984 Mason of the Year by Grayling Lodge #356 for outstanding service to his fraternity and the community. He will be honored at a special communication at the downtown Masonic Temple on Thursday, Nov. 8, 1984.

Jim is a resident of Grayling Twp., and is a hydraulic technician for the United States Geological Survey.

He was made a Master Mason in Jan. 1960 and has served his lodge faithfully ever since joining. He was Worshipful Master in 1966 & 1967, served as secretary in 1971-2-3 and is the current Secretary. He has held all but two offices in the lodge.

His wife, Patricia was Worthy Matron of the Order of the Eastern Star #83 of Grayling, and was just installed as their new Worthy Matron for the year 1985 on Oct. 20th.

Jim was born in Grayling, has lived most of his life in Grayling. He graduated from Gaylord High School in 1952. Jim and Pat are the parents of three children.

Last Chance Proposal For Hanson Hills on Ballot

The fate of Hanson Park will be decided Tuesday by voters of Crawford County.

County residents will be asked to approve a quarter mill for two years to help support the operation of Hanson Park.

"If the proposal passes, tax rates for county residents won't increase," points out Marty VanDeVen, chairman for the Grayling Recreational Authority.

The Commission on Aging is asking for a quarter mill — a reduction from the half mill approved three years ago.

"Both the Hanson Hills millage and the Commission on Aging millage could pass and the tax rate won't change," VanDeVen said.

If the Hanson Hills proposal fails, the 285-acre park reverts to the military. The park is currently leased to the

GRA board until 1994.

VanDeVen also says the park is offering reductions in ski memberships this year if the park remains open. Family memberships have been reduced from \$200 last year to \$100 this year for all county residents and taxpayers. Single memberships have been cut from \$90 to \$45, and towls and rental fees will be dropped 40 percent for all county residents and taxpayers.

Hanson Hills is the oldest ski park in Michigan but also hosts the Crawford County Fair, 4-H activities, the Grayling Winter Sports Carnival, and other events year-round.

The quarter mill will raise about \$48,500 the first year starting in 1985. VanDeVen said the GRA would probably borrow money if the millage is approved and divide that amount by three years instead of two years so the park can operate this year as well as the next two years.

The park has been in financial problems for several years. The GRA was going to vote to close the park this August before citizens stepped in urging them to try for a

county-wide millage.

A half mill for county-wide recreation which included a quarter mill for operation of Hanson Hills was defeated in the August election 1102 to 993.

The park needs about \$100,000 to operate for one year. The GRA is hoping the millage will help support revenues from memberships, rental equipment, tow fees, and other fees at the park.

The GRA board says they will close the park without millage support because they have begged and borrowed too long to stay open. VanDeVen estimates the park would fall \$20,000 in debt without millage help this winter.

The park was about \$12,000 in debt before service groups and individual donations again helped bail the park out this fall.

Currently the park is without a manager because there are no funds to pay for one.

VanDeVen says the park will open this winter, though, if the millage does pass.

Loss of Revenues from Proposal C Could Top \$500,000 in County

The Crawford AuSable School District and the county government could be the hardest hit by Proposal C, but the City of Grayling, the six townships, the county road commission, and state services in the area could also be affected by the state proposal.

The school district would lose \$268,000 if C passes unless voters approved the extra tax revenues within 90 days. The \$268,000 is the amount of extra tax revenues the school district has collected since 1981 as a result of higher S.E.V.'s in the district. The district held Truth in Taxation Hearings each year to approve the extra revenues but Proposal C would take it away because there wasn't a vote of the people.

The county would lose \$159,000 unless voters approved the extra tax revenues. The \$159,000 is also from extra tax revenues due to increasing S.E.V.'s.

The county would also lose money from state and federal revenue sharing.

County treasurer Joe Wakeley said if the state suffers financially from Proposal C, it could affect the bond market for the county. The county might have to pay more on in-

terest or possibly be unable to sell bonds.

The City of Grayling would lose about a total of \$21,000 for fiscal year 1984-85 and about \$30,400 for 1985-86. The major and local streets fund would lose \$12,300 the first year and \$18,000 the second year. The loss of revenue sharing would be \$8,700 the first year and \$12,400 the second year.

The city council voted Monday night to recommend voting against Proposal C because it would require an excessive amount of elections, it represents a move away from legislative government, and it could result in a drop of revenues from revenue sharing and the state road program.

The six townships stand to lose a combined total of \$28,300 in revenue sharing in 1984-85 and \$24,700 in 1985-86. The loss of extra property tax revenues from increasing S.E.V.'s is estimated at \$49,000 for fiscal year 1985-86.

The Crawford County Road Commission estimates their revenues will be cut 27 percent and the impact will be greater than that because they will be unable to provide matching funds for federal aid and local government contributions.

Drug Bust Nets 29 Suspects

A total of 29 persons were arrested early Tuesday morning in drug raids in Crawford, Roscommon, Alpena, and Kalkaska counties, including one suspect police say might be the largest LSD dealer in northern Michigan.

The Crawford County Sheriff Dept. arrested 18 persons, the Michigan State Police nabbed 8 persons in Roscommon County, and the Roscommon, Alpena, and Kalkaska counties sheriff departments assisted with 3 arrests.

Sheriff Joe White said the early morning raids successfully concluded eight months of drug traffic investigation within Crawford County by the Crawford County Sheriff Dept., the Michigan State

Police Investigative Services Unit, and agents from the federal Drug Enforcement Administration.

White said 125 warrants were issued for 33 persons. Two of the suspects had moved out of the state and two were juveniles that will be petitioned in Probate Court.

The in-depth investigation revealed early that the drugs were being supplied by local dealers as well as out-of-county dealers, down-state dealers, and transient dealers at Camp Grayling facilities, said White.

Some of the drugs obtained through an undercover operation were marijuana, hashish, LSD, cocaine, and heroin. Police estimate the street value of drugs obtained exceeded \$50,000.

More than 275 live marijuana plants were confiscated and firearms and ammunition were also obtained.

During the early morning raids, seven cars were confiscated by the sheriff dept. If the cars are found to have been used to transport illegal drugs, they become the property of the sheriff dept. and they are auctioned off with the proceeds split 75 percent for the county and 25 percent for the state. The money must be spent in a law enforcement drug program.

As part of the undercover operation, a police officer was enrolled as a student for 2½ months at Grayling High School. The officer found the school relatively clean of drugs and only the sale of two marijuana roaches was recorded. Sheriff White said a detailed report on that operation will be issued later.

The suspects were scheduled for arraignment in district court Tuesday afternoon. Their names will be released after arraignment.

BIG BLAST — U.S. Army Sgt. Frank Buccì (left) and Pvt. James Harker, of the 75th Explosive Ordnance Disposal unit from Selfridge Air National Guard Base, inspect the blast hole from an anti-tank round immediately after they detonated the bomb Friday night. (Jon Thompson Photo)

Anti-Tank Round Detonated Here

An Army Explosive Ordnance Disposal unit detonated a light anti-tank round in downtown Grayling Friday night. Flame from the explosion burst 15 feet in the air and filled the small alley for a moment behind Weaver's Gift Shop, where the bomb was discovered.

The anti-tank round - containing about as much explosive as two hand grenades - had been stored in Weaver's Gift Shop for at least seven years, said store owner Tom Gibbons.

His sons found the bomb in a field and figured it was a dud. Gibbons recently wanted to display it and asked National Guardsman Wayne Wells from Camp Grayling to check out the bomb.

Wells determined the bomb was still live and had the shop closed at about 2 p.m.

U.S. Army Sgt. Frank Buccì and Pvt. James Harker of the 75th E.O.D. unit drove from Selfridge Air National Guard Base in Mt. Clemens and arrived here by 6 p.m.

While city police and the sheriff dept. evacuated the area and rerouted traffic, the fire dept. helped the city crew and gas and power companies turn off lines near the area.

Buccì then tied a rope around the bomb and dragged it five feet outside of the store. He said regulations say the bomb should not be moved. They moved it outside instead of blowing it up there to save the store, which recently underwent extensive remodeling.

Buccì was standing about a half block away when he dragged the bomb out of the

store with the rope and still managed to place it where he wanted in the alley. He and Harker then dug ditches to protect water and gas lines during the explosion and placed sandbags three feet high around the bomb.

The team used about a pound of explosives to set the bomb off. The blast was heard throughout most of the city of Grayling. The Grayling Restaurant, Weaver's

Gift Shop, and the Golden Touch were slightly damaged.

Camp Grayling officers said that type of round is only fired on one fenced range near Camp Grayling. They urge all residents and tourists to leave military ordnance alone on the ranges. They also said anyone with ordnance in their house should call Camp Grayling immediately.

Commission on Aging Seeks Millage Reduction for 2 Years

The county Commission on Aging is seeking a quarter mill to offer the same services and more for the next two years.

The quarter mill is a reduction from the half mill passed three years ago.

Sherry Haag, new project manager, says the Commission on Aging can offer the same services and more for a reduction in millage because of a reorganization in the commission.

Two administrative salaries and fringe benefits totaling close to \$40,000 have been dropped. The new position of project manager

replaces the two administrative spots and Haag's salary of \$13,500 is paid mainly by North East Michigan Community Service Agency.

The millage of \$48,500 a year will go toward rent for offices and the recreation room at the Grayling Housing project, rent for the RSVP office, and administrative costs for programs.

The Commission on Aging currently is providing congregate dining at the Lawndale site and satellite dinners at Lovells, South Branch, and Frederic, meals on wheels, homemaker services, information and

referral, outreach, telephone reassurance, friendly visitor, tax assistance, blood pressure, vital of life, enrichment classes, handicapped program, exercise class, movies, bicycling class, travel programs, and special speakers on senior citizen issues.

Haag says the commission hopes to be able to offer new programs soon such as consumers education classes, self help seminars, and others.

If the millage is defeated, the Commission on Aging would be unable to pay the

From Our Corner...

Election fever, 1984...

While the eyes of the nation focus on the outcome of who will take over the highest office in the land between President Reagan who is seeking reelection and challenger ex-Vice-President Mondale the focal point of the General Election is set for next Tuesday, November 6th...along with the Presidential race the Congressional branch of government will have races for the offices of United States Senator, and Representatives in Congress...while on the state level only the Legislative branch will elect State Representatives...and also two members to the State Board of Education, two regents to the University of Michigan, two trustees to Michigan State University and two governors of Wayne State University...

With the electors faced with the decision of who will be the leaders of our nation for the next four years, here in Crawford County, the grass roots, of political life, will also have major decisions to make...

On the county level, John Huss Prosecuting Attorney is unopposed, while Sheriff Joe White is being challenged by Harold Hatfield; present County Clerk-Register of Deeds, Beth Wieland is being challenged by James Kolka; present Treasurer, Joe Wakeley is unopposed as is present Road Commissioner, Gloria Kraus.

For the Townships all of the seats are up for election this year including Supervisor, Clerk, Treasurer, Trustees and Constable...

For Seats on the Board of Commissioners...in District One, incumbent Jeannette Kitchen is being opposed by Junior Palmer; in District Five, William Ruddy is being opposed by sticker-candidate, Don Welser; and in District Seven, Garland Joyce is being challenged by sticker-candidate Mahlon Riker. The other District seats are unopposed.

Another important decision for the electors to make is that of the newly opened extra Circuit Judgeship for the 46th District of which, Attorneys Alton Davis of Grayling and James Cotant of Gaylord are challenging each other for the seat on the bench...

As for the three State Proposals on the ballot...there is no way we can tell anyone how to vote on them...at this time we haven't made up our own mind what decision we will make...all we suggest is read them over, we have carried them in the Avalanche, there has been much written in the downstate papers and then make your own decision...we haven't been able to figure out who is the biggest liar, especially on Proposal C...

Now, the two county proposals on the Hanson Hills and Commission on Aging is a different ballgame...the two seeking only one/quarter mill each for the survival of each we hope the Crawford County voters will give them a Yes vote...we're going to...personally we do not use Hanson Hills but, we can hardly imagine Crawford County being without the granddaddy of all Michigan winter sports parks...do think hard before you cast a negative vote...on the Commission on Aging, the ol' fella has a selfish interest in this...we are approaching the twilight of our life and we hope people will think of us as I think of those it helps now...

Also on the ballot will be Grayling Township Proposition and two Maple Forest Township Propositions...as we live in the city we feel it is none of our business except to urge the voters in those two townships to exercise their rights, make the decisions, it's your lives it will effect...

We attended the roast of the "Itallion Stallion", one Paul Thomson last Thursday evening at the National Guard Armory at Camp Grayling and enjoyed the roasting with much merriment but, as we sat there and watched the evening unfold we felt they mis-named Paul...we felt it should have been called Grayling's answer to the "God Father" it appeared it would have been more appropriate for Grayling's Insurance and Real Estate magnate...it was fun...he even had his simulated henchmen...

Time and space has taken its toll, so we will bid T.J., Stefany and Amber goodnight and to all of our couple readers have a nice weekend, and be sure you mark down Tuesday, November 6th as the day to fulfill your rights and vote your convictions...like we have mentioned before it doesn't take any time at all out of your busy life...

The Bible Speaks

From Calvary Baptist Church

PRAY, FAST AND VOTE

Many Christians often pray fast and vote as if a quick prayer before entering the voting booth will invoke God's direction to overcome our ignorance. The real issues of this election are moral issues concerning Abortion, Homosexuality, Pornography, ERA, Marijuana-Drug Laws, Parental Rights, Voluntary School Prayer, National Defense, Nuclear Freezer, a Balanced Budget, Capital Punishment, Education, Humanism, Euthanasia, and Religious Freedom, just to name a few.

The liberal Humanists have publicly accused those of us who believe in traditional American moral values of trying to impose our morals on the rest of America. We did not pass most of the Sodomy laws on the books, our forefathers did years ago. We are not introducing new moral views, we are merely defending the moral laws God revealed in the Bible centuries ago.

The liberal Humanists are so concerned about the individual rights of women concerning their bodies, the individual rights of homosexuals concerning their perversions, the individual rights of nations to be subject to Communist tyranny, the individual rights of criminals over innocent victims, and the individual rights of atheists to silence freedom of religion. In fact, they care about everyone's rights except God's rights and those who yield all their rights in submission to Him. The entire "Rights" issue could be

summarized into either rebellion against God and His laws, or faith in God and His laws. God's Rights are the real Rights threatened in America today!

The government of every nation is in the hand of God. Every nation gets the government it deserves. For this cause, may we call upon our entire Crawford County community to set aside Monday, November 5th as a day of fasting and prayer for God's mercy in our Tuesday election. In light of the sin within our nation, we dare not pray for justice. Our only hope is to plead with God for divine mercy and grace. While all may not be physically able to fast, all are physically able to pray. Will you join us??

"If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land." 2 Chronicles 7:14.

Twenty Years With Kids

By Amy Denton

Would you like to be in school for twenty years? Mrs. Ethel Mae McDaniel must, because she has taught geography, history, and English for twenty years.

Mrs. McDaniel is teaching at Grayling Middle School for seventh and eighth graders. She has not taught at Grayling for all twenty years, but she enjoys teaching here now.

When Mrs. McDaniel makes up a lesson plan, she tries to judge how long it will take the students for each lesson. She also tries to arrange some study time during class each week for her students.

Mrs. McDaniel tries to make the subject interesting by bringing in things which have to do with what the students are studying, and bringing the lesson to the students' level. She also watches a short cartoon called "Conjunction, Conjunction" and gets some extra ideas from that.

The reason Mrs. McDaniel chose to teach geography, history, and English is because she likes to read about how other people live and about her fellow men. Mrs. McDaniel thinks English helps students communicate with other people.

Jill Clark and Kim Dowdy, both seventh graders, like the way Mrs. McDaniel makes her geography class interesting. Jill said, "If Mrs. McDaniel didn't spend time finding something fun or interesting to go along with the lesson, I would look forward to the bell ringing."

Mrs. McDaniel has taught for twenty years and she definitely must enjoy it or she wouldn't be teaching the G.M.S. students today.

Hearings on Michigan's Election Process Undertaken

By Sen. Connie Blinsfeld

Computer foul-ups, absentee ballot abuse and outright voter fraud are all under the legislative microscope, as the first of a series of three public hearings has now been held to take testimony on Michigan's voter registration and elections process.

A variety of concerns relating to Michigan elections led to the calling of the hearings, conducted by the Senate Administration and Rules Committee, of which I am a member, and the Senate Majority Counsel's office.

The first of three-hour hearing, held in Saginaw, drew a large response with a number of people testifying about a major computer error which casts doubt on the outcome of a number of

recent Saginaw-area elections.

Future testimony, at scheduled hearings in Detroit and Ann Arbor, will focus not only on computer errors, but also on misuse of absentee ballots, the methods of tabulating computer punch card ballots; the practice of registering large blocks of voters through churches, senior citizen centers and public agencies; and even the registering of large numbers of the mentally handicapped and teenagers, as was recently found in southeast Michigan.

The panel will also be looking at the accuracy of voter registration lists; the practice of collecting absentee ballots at a central location and delivering them to the clerk's office, and ballot printing errors, such as one recently found on the Supreme Court listing on Detroit-area absentee ballots.

Another potential topic is the disproportionate growth of absentee balloting, and its use by individuals who are not ill, out of town, or aged, as the law requires. Proposed legislative changes, like registering by mail through the Secretary of State's office and purging inactive voter lists, may also be discussed.

This bipartisan study is being held in the hope that it will draw attention to areas of inefficiency, tampering, and outdated election practices in Michigan.

The desired outcome? Improved accuracy of current voter lists, the elimination of questionable or fraudulent practices, the implementation of modern, up-to-date computer systems, and an all-around better understanding of Michigan's election operations and ways they can be improved.

Is anything more important in Michigan's - and America's - political system than the validity of the votes we cast? I don't think so, and that's why I applaud this important study.

Magistrate

The following persons appeared before Magistrate Irene Wyman of the 83rd District Court:

Jeffrey Lynn Colley, of Gaines, plead guilty to a charge of making use of an artificial light between 11 p.m. and 6 a.m. and paid a fine and costs of \$38. He was cited by a DNR Conservation officer.

Robert Johnson, of Flint, plead guilty to a charge of bow hunting without a license and paid a fine and costs of \$53.

Mark Hetherington, of Pontiac, plead guilty to a charge of possessing an uncased bow in a motor vehicle and paid a fine and costs of \$48.

Steve Dickson, of Grayling, Jeff Rouse, of Lansing, and Keith Rouse, of Grayling, plead guilty to charges of making use of an artificial light to hunt deer and were fined \$158 each with loss of hunting privileges for 1984 and 1985.

William Hartig was charged with attempting to hunt woodcock after sunset and was fined \$18.

Taking a non-political stroll

by Richard Millman

COMES A MISSIVE to The Almanack from our regular readers — that is, my wife, a doting older sister, and an ambitious copy boy.

"Please," pleads the message, "don't write anything about politics this week. We're all getting sick and tired of politics right about now. Please steer clear."

Well, so is this writer getting a bit weary of the slings and arrows of political palaver. So, stick with me for one of our infrequent strolls, barefoot through the non-political potpourri...

HYMAN G. RICKOVER, retired admiral in charge of the U.S. Navy's nuclear power program for more than 30 years, doesn't think too much of journalism's treatment of nuclear power...or anything else, for that matter.

"They don't understand anything," Rickover said of journalists. "They just talk about it. They're so smart they can talk in an expert manner about anything. They're the smartest people in the world, in their own opinion."

"If they were smart, they wouldn't be journalists. Journalists don't do anything. They only talk about what other people do. It's easier to talk about what other people do, not about what you have done."

Whew, that's telling 'em, Admiral. Lots of folks agree with the admiral.

HOW ABOUT the use of the term "housewife" to identify a woman's occupation? Although some folks decry use of the term, it's a proud name, according to columnist Garry Wills, who recently wrote of his own wife's activities in a laudatory way:

"My wife manages all the finances and travel in our family, which is now scattered across the globe. She taught three children to read before they were four years old. She did the 'de facto' coaching for a daughter who became the Maryland state gymnastics champion. She has bought and rehabilitated the homes we've lived in. She knows more than I do about most things, and a good deal more than the twits who implicitly sneer at her for being a housewife."

I agree. Most housewives are like that.

FR. CHARLES E. IRVIN, writing in a recent issue of Catholic Weekly, sounded some provocative views about the nature of things today:

"American attitudes have changed. Americans are today unwilling to accept battle casualties unless the blood of our soldiers is spilled for something that we consider to be of worthy purpose. Sending in the Marines no longer seems to be acceptable unless the landing operation is painless, efficient, swift and totally successful."

"If it isn't perfect, junk it" is the attitude that prevails in all of our choices these days, including military choices."

Things really aren't so simple, of course, as Fr. Irvin has pointed out.

QUOTING The Detroit News in a recent comment:

"Congress has been complaining about the Reagan administration's mammoth defense spending proposals, and has cut the rise in the military budget back to between five percent and seven percent."

"For the record, the Tax Foundation calculates that Congress this year will spend \$800 million on its own operations — up 10.6 percent from 1983."

Well...that's different, of course, Isn't it?

SOME CLOSING quickie quotes:

"Riots are for black folks. When it's white folks from the suburbs, it's a 'victory celebration.'" — Detroit councilman Clyde Cleveland, after the Detroit World Series troubles.

"Question: How many congressmen does it take to screw in a light bulb? Answer: 218...one to hold the bulb and 217 to fund the program." — Peter Leo, Pittsburgh Post-Gazette.

"Only a committee can talk for hours and record it all in minutes." — Bob Talbert, Detroit Free Press.

"They use words in movies today that in my day I wouldn't have wanted even Trigger to hear." — Old-time movie cowboy Roy Rogers.

Boots Randolph to Appear at Kirtland

By Boots Randolph's calculations, there are 22,643 guitars in Nashville — and just one saxophone.

For only a few months each year, however, there's not even that lone saxophone in Nashville, as the "Yackety-Sax" man and his 10 piece band take to the road.

Randolph is performing at 8:00 p.m. on Saturday, November 3rd in the Kirtland Community College Auditorium. The concert is an extended version of the show he performs six nights a week at his Nashville nightclub.

"I think it's as good a variety in an hour and fifteen minutes at the club as you'll see anywhere — including Vegas," said Randolph. "And on the road there's even more time and more music."

Backing Randolph are a rhythm section and a five-piece horn section — a setup small enough for intimate combo arrangements but still large enough to generate the power of a big band.

"This is the kind of band I really want to use," Randolph said. "We don't dwell on a big band sound. It's not nostalgic. With myself playing, that's six horns. You can get a hell of a lot of sounds at one time." When Randolph expanded his band to its present size, he also added comedian Fred E. Smith to the show. Known as "The Ambassador from Spivey Mountain," Smith's childhood in that rural Smokey Mountain setting has given him a wealth of country humor.

Also featured on the Boots Randolph Show is guitarist Tommy Jones, formerly a student of the master, Chet Atkins, and now considered by Atkins to be an equal on his gut-string guitar. Jones plays tunes ranging from "Orange Blossom Special" to "Malaguena" all with a truly dazzling finger-picking style.

The musicians traveling with Randolph are respected session men in Nashville who are not normally available for extended road work.

That quality of musicianship was an unexpected product of Randolph's

decision in 1977 to quit the highly successful tours with Chet Atkins and Floyd Cramer and devote full time to the Nashville tourist trade.

He devoted not only time but money — putting \$700,000 into a building just across Printers Alley from the Carousel Club, where he has been a star performer since arriving in Nashville in 1961.

Ironically, he didn't then and still doesn't consider himself a country musician.

"Country music is the way a song is performed," he explained. "It's not the song. People like Ray Charles have proven that. My style is more or less a jazzed up country version — a little more clean than country."

Homer Randolph (he swears he doesn't know how he came by his nickname) was raised in the country, in Paducah and Cadiz, Kentucky, and Evansville, Indiana. The son of a fiddle player, he took up ukelele and later trombone to play in family bands.

After learning saxophone in high school, he began to develop his own style, which he describes as "a staccato style with a little jazz. It changed the phrasing around."

In 1958, Randolph and his co-composer James Rich sent off a tape of a song called "Yackety Sax" to Chet Atkins. The tune hit big and Randolph moved to Nashville. He fronted a popular combo at the Carousel Club playing "everything from soup to nuts," and for 15 years he was featured as both performer and emcee on the Festival Stars tours with

Cramer and Atkins.

One of the primary reasons for Randolph's move to his own club was to provide tourists with the type of name entertainment they expect to see in Nashville. Although many country artists, including George Jones, Faron Young, Ronnie Prophet and Jerry Reed, have put their names on clubs, "They show up opening night and never come back," Randolph said. "This is terrible. You shouldn't do that to people."

Except for the few months in the off season when Randolph tours, people who go to Boots Randolph's club see the Boots Randolph Show six nights a week.

"This is the same show that appears at my dinner club," said Randolph of his touring group. "I'll guarantee that anybody that comes is going to enjoy it."

Tickets for the Saturday, November 3rd performance at Kirtland are available at Roscommon Hardware, Higgins Lake True Value Hardware, Flowers by Josie in Grayling, Kirtland College Bookstore, or by calling 517-275-5121.

Receives High
Performance
Rating

Marine Cpl. Christopher C. Conklin, son of Kenneth H. Conklin of Grayling, recently received a Letter of Superior Performance.

He received the letter for his dedication to duty, exceptional professionalism and attention to detail while serving with the Marine Tactical Reconnaissance Squadron 3, Marine Aircraft Group 11, 3rd Marine Aircraft Wing, Marine Corps Air Station El Toro, Santa Ana, Calif., from January to March 1984.

Because of his actions, the unit received grades that were above the wing norms for the recent Inspector General's Inspection.

A 1981 graduate of Grayling High School, he joined the Marine Corps in August 1981.

Those of us who have been working bingo are to the point where we are growing very weary of it. One of our hardest workers, Al Kesteloot, has just resigned. Al has been there week after week after week. Now, unfortunately, he is tired of being there all of the time so he is quitting. Two or three more of our workers are kicking around quitting also. We are down to the point where we are running on skeleton crews. Don't you Legionnaires care? If we lose any more workers bingo will have to close. Is that what you really want? Maybe you don't realize it but if we drop bingo we will lose our building. Our Home. Is one evening a month going to hurt you? I work every Thursday night for the men. I have neglected working for the women for many months because of such few male workers. Because of the work that has been put into revitalizing bingo in the past few months, I do not want to see it go down the drain. Please give it a great amount of thought. Contact our bingo chairman, Art Thayer at 348-7253 and please volunteer some of your time. We need you women working the kitchen too...

Wendell L. Hoover
Park Interpreter

I have been asked many times how the men who worked the logging camps fared without what we would term medical care. Simply stated, they just laid in there and were sick. Various concoctions were used from homemade to patent medicines. A bad cough or pneumonia was treated with a syrup composed of linseed oil, glycerine, paragonic, lemon extract, licorice, chloroform, sugar and water. If a man cut himself with an axe, he would likely put gum from a fir tree on the cut and singe it three times with a match, blowing on it each time. Most patent medicines were not only good for the horses in the barn but for the men in the bunkhouse. One (dose) for a man, two (doses) for a horse was the adage. Dr. Daniel's Colic Cure was one of those used in both places with good effectiveness.

If the medicine cured the problem, perhaps a superstition would prevent it the next time. Carry a file in the left boot to help prevent rheumatism. Never grind an axe on Sunday; you might cut yourself on Monday. Never sleep with your head down river on the river drive. It was bad luck and meant a man might drown. Wear different colored socks for good luck; don't take a bath during the winter. Everybody smells bad anyway and you run the risk of pneumonia and having to take the above cough syrup which would be a risk in itself.

Editor's Mailbox

To The Editor:

This election contains a very special issue, one that should be of concern to every voter of Crawford County. We are currently in danger of losing one of our most visible and valuable resources, Hanson Hills. Hanson Hills is valuable to the entire community because it hosts the Crawford County Fair, Boy Scouts, the Winter Carnival, wedding receptions, family reunions and many other events, as well as providing clean, wholesome year round family entertainment.

I realize there are some who are opposed to higher taxes, whatever the reason. Due to a great job of management by the Commission on Aging, they have reduced their millage request from 1/2 to 1/4. This means the 1/4 mill for Hanson Hills can be approved without increasing our total millage. Many of the Crawford County Natives can remember a flourishing Hanson Hills. Can we afford not to preserve this great area? If we don't, it will revert to military control and we will all lose. To say it will revert to the military is not just an attempt to get votes. If this millage fails, the lifts will be disassembled and equipment sold to pay money owed. We will not magically come up with enough money in the future to replace it. It is now or never.

Kiwanis of Grayling, keeping in their proud tradition of community betterment and support, are happy to wholeheartedly support the 1/4 mill for continuation of Hanson Hills Recreation Area. Hanson Hills is vital to the entire county. Please support it.

Sincerely,
Bob Harrington

Dear Editor,
Recently, I read a letter to the Editor written by a young person who is going blind. It is obvious this person, because of the pending blindness, had taught himself to sharpen his visual senses to recognize and enjoy the beauty that would soon be lost to him. Now let me take this one step further.

It certainly seems that beauty comes in all forms. I have served in the US Marine Corps and as a Viet Nam veteran, I have seen the real beauty along with the real ugliness of the world. There seems to me to be a lot of beauty right here in our own backyard. First, we have the beauty of the people: namely, the elderly. We seem to forget these people provided us with life and the ability to observe such beauty. Can we forget what they have done for us in this world? They have accomplished what you and I still have to accomplish. They have handed down to us this beautiful world we now live in, and the history that no history class in school can teach. Let's not forget to recognize these people and the little they ask when we go to the polls, and give back to them some beauty. Remember the Commission on Aging.

In this individual's article, she or he referred to the beauty of the outdoors, how we fail to see the real things around us in our busy everyday schedules. How nice it is to get away from the hustle & bustle to walk and enjoy the surroundings, but we must preserve those places, places where every season can be enjoyed, any sport can be played. We cannot afford to lose any recreational wonderland such as Hanson Hills, a place an entire family can enjoy regardless of types of interest. We do not have many such public recreational places left anymore. Let's not lose it, but support it.

Dear Editor,

In rebuttal to the letter in the Oct. 25th edition of the Avalanche that started out "Where's the Beef?", I would like to offer the following comments regarding this lady's letter.

I assumed when she mentioned the "Banker from Gaylord" that she was referring to myself as I am the candidate that opposed Mr. Welser in the Primary Election and was victorious by one vote. I question where she received her information about me being from Gaylord, as my family and I moved to Grayling from Hale, Mi. five years ago and have never lived in Gaylord. I had been in banking for a number of years but have been an insurance agent for the past two years.

As for her thoughts on there being 6 yes votes and being 100% unanimous on any issue that might come before the County Commissioners, let me say that I will vote my convictions in the best interests of the County and the People of Crawford County.

I was pleased to see that her and her husband plan to get their ballots in "on time" (from out of town) as this right to vote is a privilege that every American has and should exercise diligently.

Mr. Whitey Madsen

Dear Whitey:
May I express some of my feelings...

To the members of the Grayling Housing Commission, who by their recent actions demonstrated to the citizens of Crawford County that they would accept the responsibilities of their job and do that job, I want to extend my gratitude and offer my congratulations.

The Crawford County Board of Commissioners too, is to be congratulated for their fortitude in making a very complex problem workable.

In all our lives we come to a point when we must make 'new beginnings', perhaps only once and then again perhaps many times. Our county is at that point — let us go forward now from this 'new beginning'.

Thank you, Whitey
Rosalie Matyn

Dear Editor:

There are many things that voters need to look at in determining which candidate to vote for, for Circuit Judge. The most important is qualifications. Naturally each candidate feels he is the best qualified. I have had opportunities to work with both of them politically and find there is not too much difference in this area.

When we look at the position, however, we find that Mr. Davis is the better candidate. The district covers Crawford, Kalkaska and Otsego counties. Because Mr. Cotant is now Otsego County Prosecutor and his assistant is the only candidate to take over that office "Judge" Cotant would not be able to preside over cases in Otsego county for at least one-and-a-half to two years. He would have to travel to the other two counties while Judge Porter would become "Otsego County" Circuit Judge.

To look a little farther we find that an appeals Court Judge is from Otsego County, there is none from Crawford or Kalkaska counties; a circuit court judge already lives in Otsego County, none lives in Crawford or Kalkaska County and a district court judge lives in Otsego County, none lives in Crawford or Kalkaska County. Now we are asked to choose another circuit court judge. One candidate is from Otsego County and one is from Crawford County.

A question we have to answer with our votes is: Will justice be better served by adding a fourth judge from Otsego County or by adding one from Crawford or Kalkaska County? especially when their professional qualifications are comparatively equal.

Voters of Grayling Township

Almost since the beginning of time it has been the right of the voters (or Landowners) to go to the Annual Township meetings and voice their opinion and actually "have a vote" in their township government.

This year - this election - we have on the Ballot a proposal which would take away that right of the voter. It's the last proposal on the ballot for "Grayling Township Residents".

It is very true, not many persons avail themselves of the privilege to go to this "once a year" meeting but you still have the right to go if you so choose. If we vote to abolish the meeting "it's gone forever" there's NO reversing the decision.

While it does cost a few dollars to hold the meeting (and I'm against unwarranted expenditures of taxpayers dollars) it's a drop in the bucket in comparison to a "Special Election" to accomplish what the taxpayers may want.

If we think back just several years ago quite a few persons showed up at one of the annual meetings with a petition protesting a New proposed township hall. The majority of the persons seemed to be against help of the Annual meeting which gave the voters and landowners the Right to speak and Vote, the majority ruled. The Town Hall wasn't built.

I believe the very large expenditure of dollars for the proposed "Sewer system" a few years earlier would have worked the same way had not the township board realized it and stopped the plans before it got to an Annual Meeting.

Anyway, I believe the "Annual Meeting" is one more right (of the few we have left), that is being quietly taken away from us under the guise of "it's not being well attended and cost a couple of dollars". Maybe so, but when we need it, I for one would like it available.

Arts Council Sponsored School Concert Oct. 26th

The Crawford County Arts Council sponsored a school concert by the performing group GEMINI, on Friday, October 26, for 800 elementary and middle school students. GEMINI is the stage name of Sandor and Laszlo Slomovits, a folk duo whose main tools are a stageful of instruments and their uncannily matched voices.

GEMINI's concert was educational and entertaining. The two brothers used uncommon instruments and sang songs in different languages to introduce different cultures. Their concert at the Middle School was one stop in their Fall North Country Tour, which included performances in four Gaylord schools, Johannesburg, and Lewiston.

The Arts Council is pleased to have provided this concert for many Crawford AuSable School District students, and welcomes more ideas for sponsoring arts activities in the schools.

In other CCAC news, the dance program will host Family Week during November 5-9. Parents and other family members are invited to stay for class, have a cup of coffee, and watch the students in a regular class session.

On Sunday, December 9,

the Arts Council welcomes the CMU Windows Program back to Grayling, when the theatre troupe performs Bertolt Brecht's famous, "The Caucasian Chalk Circle." Save time that weekend to enjoy a Sunday matinee performance by Central Michigan University's talented theatre students.

November is Membership Month! Members are urged to renew their memberships, and new folks are invited to join the Council in promoting and supporting the visual and performing arts in Grayling.

Call the membership chairman Bonnie Yates 348-3232, evenings for information, or send membership forms to him at: P.O. Box 686, Grayling, MI.

Don Albosta Comes Through For You

Congressman Don Albosta believes we should reduce overall Federal spending and has worked to cut over \$350 Billion in Federal spending. He also believes that Michigan and the 10th District should receive their fair share of what is spent.

You have heard Congressman Albosta talk about his efforts to change the highway formula to bring more funding for bridges and highways to Michigan.

What has this meant for your area?

FOR CRAWFORD COUNTY THIS HAS MEANT:

- \$2,511,500 awarded to Camp Grayling for waste transfer station, repairs and renovation.
- \$527,920 for bridge widening on I-75, traffic signs and pavement marking.
- \$107,000 for operation of county-wide mass transit system.
- \$250,000 awarded to start program for single family housing rehabilitation.

Reelect Congressman Don Albosta

He's working for you!

ELECT HATFIELD SHERIFF

ELECT HATFIELD SHERIFF

Voters of Crawford County

**I Am A Candidate
For the Office of**

Crawford County Sheriff

I am married, father of 2 children and grandfather of four.

Served 4 years in the Army during World War II. Received an Honorable discharge as a Sergeant.

I have been in Law Enforcement over 31 years. Twenty years as Grayling Police Chief, 4 years as Crawford County Sheriff (1973-76) and presently employed as a Grayling Police Officer.

I promised in the primary election that if I was elected, I would voluntarily take a wage cut of \$1,000.00 for 1985, and would do my best to stay within the Sheriff's budget and cut unnecessary spending.

Do You Know, That —

For the last couple of years, You the Taxpayer have been Furnishing the Sheriff a Car (unmarked) for his Personal and Work use. Along with the Car is the Expense of Gas, Oil, Maintenance and Insurance.

The same for the last and present Undersheriff (unmarked Car, Gas, Oil, Maintenance and Insurance).

Both of these cars could be put to better use in the Department, than being basically used to go back and forth to work.

In Keeping with My Primary Election Promises —

Should I be elected Sheriff, I will Furnish My Own Car (as I did before, 1973-1976). The only cost to the county will be a reasonable amount of gas.

I assure you that if I have an Undersheriff, he will Not have a County Car to go back and forth to work but will use a Patrol Car as needed for work.

There is a need for some changes to be made in the Crawford County Sheriff's Department. (Besides budget control.)

It is obvious there is a need for better relationship and communication between the Sheriff and his officers.

In the last 3 1/2 years, 8 officers have left the Crawford County Sheriff's Department. Why? (They didn't retire.)

One of the above officers, is the son of a long time law enforcement officer (city and county) and the grandson of a former court official. Why would a fine young officer want to leave a good paying job and his home town?

The Crawford Sheriff is now on his 3rd undersheriff in the last 3 years (all good men). Why would the first 2 undersheriffs resign and give up that coveted position to go back into the ranks? Why?

A few months ago the Sheriff went to an outside source (at cost to the taxpayers) to have them select an undersheriff for him (NO. 3). It would seem that in a department as small as the Crawford Sheriff's Department and after 3 1/2 years, the Sheriff would know his men well enough to be able to make that choice on his own.

The Crawford Sheriff's Department needs a Strong and Capable Leader. I feel that I have the ability and experience to give that department such Leadership.

Due to my work schedule, I have not been able to get out to meet and talk with you as I would have liked. I am relying on the news media to reach most of you.

Asking for Your Support in the General Election on November 6, 1984

Respectfully,

Harold Hatfield

Republican Candidate

Sheriff of Crawford County

There will be very few, if any signs and posters on street corners but that does not mean that I am not campaigning and serious about the election. I just don't think the signs and posters do much to beautify the community. Should there be any put up, they will be taken down the day after election, win or lose.

Historical Society News

I would like to take this opportunity to thank the R.S.V.P. office for past volunteer help. Through your efforts we were able to re-open the Crawford County Historical Museum on Oct. 13, 1984.

The museum was one place of interest that the passengers on the Timberliner were able to enjoy. Thanks to Bill Giss for spending the afternoon at the museum with me. You were a big help.

The people of Crawford County are fortunate to have the Retired Senior Volunteer Program here to help keep open the many stations that the volunteers work.

Through the efforts of the Retired Senior Volunteer program and the wonderful volunteers your Crawford County Historical Museum has been kept open each summer for over ten years.

During the summer of 1984 the volunteers put in seven hundred and forty two hours at the Crawford County Historical Museum.

Thanks to all of you.

Alton T. DAVIS FOR CIRCUIT JUDGE

During the last year the Michigan Legislature created an additional judgeship for the 46th Judicial Circuit Court comprising Crawford, Otsego and Kalkaska Counties which is now served by The Honorable William A. Porter, Circuit Judge, who resides in Otsego County.

The additional judgeship is sought by two attorneys, one from Crawford County and one from Otsego County and will appear on a nonpartisan ballot in the November election.

The undersigned attorneys of Crawford County endorse Alton T. Davis as a competent and experienced attorney from Crawford County to fill this newly created judgeship.

The undersigned Crawford County attorneys also feel that this additional judgeship for this judicial circuit should be filled by an attorney from Crawford County.

Joe White SHERIFF

Dear Voters

I would like to advise the voters of Crawford County that I am running for Sheriff on my own merits! Although it is a common campaign tactic to list all the faults of the opposition, I refuse to!

I would appreciate it if you would review my qualifications and base your decision on this information.

If my opposition wishes to pursue his campaign by pursuing the faults of my administration, that is his choice. I will not comment of Mr. Hatfield's term of office.

I believe that you will make the right decision based on fact, not the opposition's allegations!

I thank you for your support and hope to serve you for another four years.

Attention Voters

Dear District 1 Voters:
I am running for the position of Crawford County Board of Commissioner for District "1" which is the City of Grayling.

I believe I can help solve some of the problems that this County has. The over-spending of the taxpayers' money is my main concern. I have lived here all my life and plan to be here the rest of my life, and I have seen much of our tax money go down the drain, year after year. Last year in 1983, we went over our Budget \$41,000.00 and for 1984, it's anybody's guess, but will probably be much more and we all know who is going to have to pay the debt, through taxes.

If elected Commissioner, I will do my utmost to control the spending and to see that every dollar spent is necessary, and full value received.

Thank you for your support and consideration.

Annual Meetings, Road Paving On Two Township Ballots

Dave Fullen
In Concert
at Daniels' Den

Contemporary Christian Music performer Dave Fullen will appear on Saturday, November 3, 1984, at Daniels' Den.

Fullen, who has two nationally released albums, is a multi-talented singer, songwriter, actor and musician. He is proficient on guitar, piano, banjo, and alto sax.

He studied at the Ohio State University School of Music and received certification from the Guitar Institute of Technology in Los Angeles.

Fullen's first album "I'll Keep an Eye On You" contained the single "Believer", which reached the charts on Contemporary Christian music stations in Los Angeles, Chicago, Philadelphia and other major radio markets.

"Blessed Be the Lord," the first single from Fullen's latest album "Hide and Seek" promises to take his already successful career to new heights.

The evening performance at the Den begins at 8:00 p.m. and is free and open to the public. Daniels' Den is located on the corner of the I-75 Business Loop and West M-72 in Grayling. Doors open at 7:30 p.m. For information, call 348-2232.

ling Township voters will be asked to abolish the annual township meeting.

The two mills in Maple Forest would only raise \$9,191. Because the township does not have a full equalized factor of one, only 1.5208 mills would actually be collected.

The township has \$5000 to \$6000 in its general fund to start a road program if the millage is passed. The township's share of a road paving program with the county road commission is about \$15,000 a mile. The township can pay the cost over three years.

The Maple Forest Township Board has tentatively decided to start any paving program with one mile of Babbitt Road because they've spent money before on the road on grading and clay to prepare it for paving. They figure Babbitt Road would cost less and be finished quicker possibly allowing paving on another mile of road the same year.

If the millage passes, the township would like to start the paving next summer.

There are approximately 13 miles of roads in Maple Forest Township that are not paved. Only County Road 612 and Sherman Road are paved.

Barbara Hunter, Maple Forest Supervisor, said the proposal to abolish the annual township meeting was placed on the ballot because there hasn't been much participation from township residents at recent annual meetings. She said the monthly meetings are open to everyone anyway so there doesn't appear to be a lot of need for the annual meeting. Right now it's just another meeting that costs the township to heat the building and pay trustees and the township could save some money by doing away with it, she said.

Bernie Fowler, Grayling Township Supervisor, also said attendance at recent annual meetings hasn't amounted to much. He also said much of the authority given to township residents at annual meetings has been passed on to the township board.

But he expressed concern over the authority left to residents at the annual meeting. He said a vote at the annual meeting on certain things is the same as a township election.

"A very small number of people at an annual meeting can make decisions for more than 3000 people in the township. That's government by minority," said Fowler.

He said, for example, a few people could have voted to go ahead with a new township hall or they can vote to sell township properties at the annual meeting.

CONGRESSMAN DON ALBOSTA HOPES YOU WON'T READ THIS AD.

With a record like this, it's no wonder Don Albosta wants to hide the facts.

During his year on the Agriculture Committee of Congress, Albosta missed every single subcommittee roll call vote. Every single one.

That's a serious problem. Because it left our farmers without a voice when extensions on credit and interest rates on loans were considered.

But there's more that Albosta doesn't want you to know.

After only a year on the Agriculture Committee, he voluntarily gave up that seat. No one asked him to give it up. Don Albosta simply lost interest.

Our farmers deserve a Congressman who cares more about agriculture.

We all deserve a Congressman who will do the job we pay him to do. We deserve a Congressman like Bill Schuette.

Bill's hard-working. Conscientious. And eager to serve on the Agriculture Committee.

On November 6, let's elect the Congressman we deserve. And that's Bill Schuette. He'll do the job right.

Proposal C

(Continued from Page 1)

If C passes, the road commission plans to continue uninterrupted services through most of 1985 and then begin cut-backs which will eventually effect service.

Their number one priority will continue to be the safety of the traveling public and the second priority will be maintaining the existing road system.

Lesser priorities, they say, such as improving the roads through widening, straightening, paving, bridge placements, and other upgrading, will be the first to suffer.

Many other agencies will be affected. The Grayling Secretary of State office would either be closed down or be forced to serve a larger region according to the Secretary of State. The Michigan State Police claim Proposal C will mean lay-offs if passed. The DNR, Department of Social Services, and other state and regional agencies may also face reduced revenues through Proposal C.

Dial-A-Ride Finishes Year in Black

The Crawford County Dial-A-Ride system completed its fiscal year 1983/1984 operations as of September 30, 1984. Preliminary figures indicate that the system's total expenditures were more than \$60,000 below budgeted spending levels. Additionally, revenues exceeded budgeted expectations by nearly \$20,000.

"Savings approaching this magnitude were an absolute necessity," said Dave Frederick, Director of the Crawford County Transportation Authority. "During fiscal years 81/82 and 82/83 Dial-A-Ride expenditures were increasing so rapidly that the system was on the verge of surpassing expenditure levels which the 3/4 mill local support would underwrite. In other words, if the system had not come in substantially under budget during fiscal year 83/84, then it would have been confronted with an illegal as well as intolerable deficit."

In response to the question as to what specific steps were taken to achieve the reduced expenditure level, Frederick replied: "A compliance audit, conducted by staff members of the Michigan Department of Treasury, is currently in progress. The results of that audit should serve to answer that question in a very specific fashion. However, suffice it to say for now, that achieving those spending reductions proved to be far easier than anticipated. No reductions in hours of

operations, or areas served, were involved in the spending reductions. Nor can any administrative decision be credited as having a major impact. About all that was necessary was to keep a close eye on expenditure levels and tighten up on accounting procedures."

When asked to account for the increased revenues Frederick said: "Once again I am going to have to defer to the forthcoming audit. However, this section of the audit is going to make for some very interesting reading. For example, over \$13,000 of the increased level of receipts was achieved through fare box revenues. The aspect of this which is particularly difficult to explain is how it was possible. This increased level of receipts was achieved: (1) without any level of expansion in service area; (2) without any increase in rate structures; and (3) without any documentable increase in ridership. In short, under the circumstances it was seemingly impossible for us to significantly increase our fare box revenues. However, quite the opposite proved to be the case. Those revenues not only increased, they increased significantly."

In response to the question of the increased revenues or reduced expenditures being related to the investigation regarding alleged criminal misconduct within the system, Frederick declined to answer.

rent at the housing project and many services would be curtailed, she said.

TelStar Satellite Dish Installed at Mercy

Mercy Hospital employees now have the benefit of in-house seminars and conferences without leaving the hospital building thanks to the TelStar satellite dish recently installed at Mercy.

The dish is capable of receiving educational programs anywhere in the United States enabling Mercy employees to view the programs on a TV screen at the hospital. It can also be used for teleconferencing, which allows staff members to view conferences on health care.

According to Mercy officials, this new satellite system will save the hospital in reduced employee travel and educational costs. An added bonus is more educational programs on health care for staff members.

"If a conference on health care from Boston College or the University of Detroit is scheduled for a certain day, all we have to do is find the right channel and the conference will be shown right here at the hospital," said Kip Papendick, director of maintenance.

Mr. Papendick added that patients will benefit as well from the satellite dish because programs on diets, wellness, home health care and other related health care programs can be received by the satellite dish.

Staff members who are not present to view a certain program or conference do not have to worry about missing anything, said Mr. Papendick. All programs will be video taped so employees can view them at a later date.

Although the satellite dish can receive some entertainment channels, it will not interfere with the hospital's current cable TV system. "The satellite dish will strictly be used for educational purposes," said Mr. Papendick. "The cable TV in the hospital will remain the same."

AN EFFECTIVE VOICE

Being an effective representative means voting the views of the people. It means being their independent voice in the Congress of the United States.

Below are a few of the important issues that came before the Congress during the Reagan Administration. Don Albosta consistently voted the views of his constituents whether or not the vote agreed with the Reagan Administration's position.

DON ALBOSTA VOTED IN AGREEMENT WITH PRESIDENT REAGAN ON:

- President's Economic Recovery Program
- 1981 Budget Cut plan (one of only 26 Democrats in the nation to support the plan, and the only Democrat in the Michigan Congressional delegation)
- 1981 Income Tax Cut
- No Federal Funding of Abortions: President Reagan and Don Albosta both support the Human Life Amendment to the Constitution
- Voluntary School Prayer
- Tough Crime Control Legislation
- Invasion of Grenada
- Child Support Enforcement Legislation

Don Albosta has NOT endorsed Walter Mondale's plan to raise taxes. Whether it is President Reagan's tax increase or Walter Mondale's tax increase, DON ALBOSTA has said NO!! Check the record.

DON ALBOSTA VOTED AGAINST PRESIDENT REAGAN'S PROPOSALS ON:

- Cuts to the Social Security Program
- 1982 Reagan Tax Bill to increase taxes by \$98 Billion
- 1984 Reagan Tax Bill to increase taxes by \$50 Billion
- 10% Withholding on interest and dividends
- Foreign Aid Bill (Cost: \$18 Billion)
- \$8.5 Billion International Monetary Fund Bill to bail out the big banks
- 1983 Dairy and Farm Program cuts

CONGRESSMAN DON ALBOSTA:

"By working together, we can solve our country's problems and build a brighter future for ourselves and our children. I hope you will join with me in meeting the challenges of the future by supporting me on November 6."

Chamber Chatter

By Staff

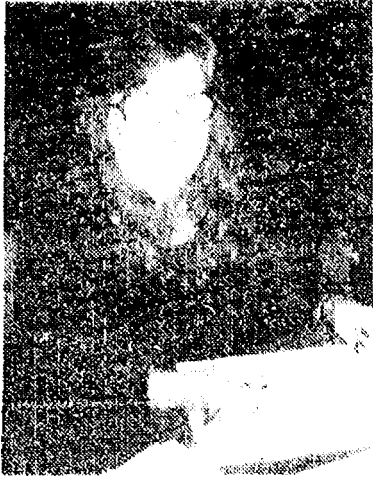

Some of our folks are putting together something unique and fun for everyone. On Sunday, November 18, from 11:00 a.m. to 5:00 p.m. there will be a Christmas Walk Open House sponsored by Weaver's Gifts, The Icehouse Quilt Shop, The Grey Goose Gifts and Flowers by Josie. There will be Door Prizes, Refreshments, Entertainment but most of all there will be gift ideas for everyone. This is a great opportunity to be among the first to see new ideas for Christmas Gifts, decorations, wrapping and gift giving. The business places who are sponsoring this event will have merchandise you never dreamed of - remember the date and time, November 18, 11:00 a.m. to 5:00 p.m. at Weaver's Gifts, The Icehouse, Grey Goose Gifts and Flowers by Josie. Merry Christmas!

The folks at the South Branch Ranch located just off Chase Bridge Road, called to remind us that they have horses, wagons, hay and all the ingredients for a good old fashioned Hay Ride. Mona and John Tuomi, the owners, were on hand when we visited them for their initiation into the community, the Ribbon Cutting Ceremony. We were impressed with the fine facilities on the property. Nice looking riding horses for show and pleasure. They even have an indoor arena and club house for indoor horse shows. It's really a fine layout - riding trails over wooded areas or open spaces. Whatever suits you. To get there, take East M-72 to Chase Bridge Road then south to Ranch Road then east to property - Signs are posted.

Word has been received from Jim and Barb Jarvi, owners of the Grayling 7-Eleven Store, that the community is invited to their open house at the store located at 220 James Street (I-75 Business Loop) on Thursday, November 1. They have made some internal changes such as the appointment of Chris and Jackie Glander as new managers and want the community to share in their excitement.

Another new type of business is making Grayling its home. Jim and Barb Jarvi are bringing "Lincoln Log Homes" to Grayling. Their new building is being erected 5 miles from town on M-72 West. Watch for more details and grand opening in a future issue.

Volunteers On The Go!

Greta Moore is one of our busy day aides. She has been with our volunteer program for the past 12 years and has done a variety of things including; teacher's aide, poster work for special school programs, cafeteria helper, picture days, and helped make up test booklets for students.

Among her other volunteer credits are being involved with Cub Scouts for 3 years, and an active member of Mt. Hope Lutheran Church for 13 years by being a nursery and kitchen helper. She is presently a member of the Arts Council Committee.

She says she enjoys volunteering for the schools because she likes to work with children and feels good about being able to help someone.

She also stated more parents should get involved so they could see first hand what goes on in the schools and have a better understanding of how hard it is to be a teacher. And then maybe they would not hesitate to pass school millages.

Thanks Greta for always being there when we needed the extra help and also for being a concerned and caring parent.

If you would like more information about the Crawford AuSable Schools Volunteer Program please call Mrs. Wolf at 348-7641 ext. 52.

P.S. A special thanks to these ladies for helping make the school picture days a success throughout our school system.

Check State Proposals

Michigan voters may obtain the exact wording of the three statewide ballot proposals in any Department of State branch office between now and the November 6 General Election, Secretary of State Richard H. Austin announced today.

On the official ballot they will be designated as follows:

PROPOSAL A — A proposal to allow the Legislature to approve or disapprove Administrative Rules.

PROPOSAL B — A proposal to establish a Natural Resources Trust Fund and a board to administer it, to provide revenues for it from Natural Resource leases, and existing funds and to specify and limit the expenditures therefrom.

PROPOSAL C — A proposal to amend Article 9, Sections 1 and 2 of the Constitution relating to taxes, other revenues and voter or legislative approval of same.

Copies of the proposals also have been furnished to all news media for publication.

Austin reminded voters that in addition to the statewide proposals, many cities, counties and townships have local proposals on the ballot. This makes it important for all voters to be able to read the statewide proposals prior to the election, he said.

Mercy Hospital Adds "MercyCare Clinic"

Beginning November 1, Grayling Mercy Hospital will be treating patients in the "MercyCare Clinic" located at the hospital adjacent to the emergency room. The new clinic will treat patients with minor injuries and illnesses after physicians' offices have closed and on weekends and holidays.

Jim Packard, vice president of Mercy Hospital, said the clinic has been established to fill a need not presently being addressed. "Previously, if an individual became ill, or received a minor injury after the doctors' offices had closed, or on weekends or holidays, they had to go to the hospital emergency room for medical attention. Now, a person can come to the clinic and receive treatment at a lower cost than regular emergency room rates."

"Of course," explained Mr. Packard, "the clinic fee does not include any charges for x-rays, laboratory work, or other services which might be required in treating the patient."

Mary Allen, RN, nursing coordinator for emergency room services, said when patients come to the clinic, they will be examined by a nurse and a determination will be made whether to send the patient to the emergency room, or to the clinic. Clinic patients will be seen by a physician as promptly as possible, however, Mrs. Allen explained, "if there is a serious emergency in the emergency room, clinic patients may have a short wait." This is not a problem, added Mrs. Allen, "most patients understand the priorities in an emergency situation."

The final decision for which patients will be seen in the clinic will rest with the physician. Some examples of conditions that will be treated in the clinic are cold symptoms, earaches, sore throats, flu, suture removal, dressing changes, minor bruises and scratches.

Mercy Hospital officials are excited about the clinic. Mr. Packard said the clinic idea is being implemented in hospitals all over the country. It's a good idea because it stresses health care cost containment, a growing concern among health care professionals and the government. "The clinic is just one phase of our continuing effort to reduce health care costs," said Mr. Packard, adding, "additionally, we are providing a much-needed service to the community."

Physicians are supporting the hospital in establishing the clinic, said Mr. Packard. "The clinic provides low cost care to individuals during times when they cannot get in to see their physician, therefore, the clinic is a back-up for the physician's office," Mr. Packard said. In fact, patients are encouraged to follow-up their clinic visit with an appointment at their family physician's office. If a patient is new to the area, or for some reason does not have a physician in the area, clinic personnel will provide information to assist the patient in selecting a local physician.

Mercy Hospital experiences over 10,000 emergency room visits per year. According to Mr. Packard, many of these will qualify for the lower cost clinic services.

Grayling Township Supervisor

LARRY GRANT — (D) resident 8 years. Served in the U.S. Navy, was full time fireman (with budget responsibilities) for ten years, has served on zoning board of appeals for five years, holds a degree in fire engineering, is a long-time member of the Masonic Lodge, and is currently an operating engineer.

"I will bring to the position past experience, strong leadership, hard work, and dedication. My sincere desire to serve the public was the most important part of my decision to become a candidate for this office."

ARNOLD STANCIL — (R) resident 41 years. Education: Northwestern Mich. College in Traverse City, Kirtland Comm. College, Humbolt Institute, Minneapolis. Qualifications include working as executive administrator for Bendix Corp., personal property permit agent for United Geophysical Corp., accountant for Grayling Bookkeeping Service, assistant manager of Grayling Mercantile, and as public relations specialist for the U.S. Coast Guard in New York and Washington D.C.

"As a life-long resident of Crawford County and Grayling Twp., I feel an obligation to Grayling to keep it a viable place to work, live, and raise our families. I am convinced that I possess the necessary qualifications to assume this position of public trust. You have my solemn promise that, if elected, I will treat all persons responsibly and equitably. I believe Bernie Fowler has represented this township as supervisor most admirably for many years. Therefore, I cannot recommend any changes until the election process is complete and I have the opportunity to study the needs and desires of the electorate."

JOSEPH ELEKONICH — (Write-in) resident four years. Education: Carolina Coastal Community College, Rets Institute, Ohio, and the University of Michigan. Qualifications include state certified in assessment administration, currently employed as assistant to the supervisor, knowledge of building and zoning laws, previously employed with Crawford County Equalization Dept., treasurer for T.G. Investment Company, active member of several community organizations with experience in public relations.

"In my capacity as assistant assessor of Grayling Township and as a state certified level II assessor, I have experience in the following responsibilities of the supervisor: 1) setting up special assessment districts, road and lighting, 2) providing accurate legal descriptions, 3) acting as an agent for all development and improvements, 4) regularly attending township meetings, 5) assisting the public or taxpayers with township questions. I am a four-year honorably discharged Viet Nam veteran, married, and have two children. When I am elected, I can promise to supervise Grayling Township efficiently and effectively, with the concerns of its people my primary objective."

Grayling Township Trustees [2]

FRED BLAAUW — (R) resident 30 years. Education: Technical High, of Grand Rapids, and Northwestern College, of Petoskey. Employed by the State Department of Corrections for 33 years, currently is Lieutenant in charge of a corrections camp operating at a set budget.

"I believe I understand the realistic viewpoint of the average taxpayers in relation to his or her tax dollar."

HOWARD GUYETT SR. — (D) resident 4 years, landowner 25 years. Pontiac Senior High graduate, retired from GMC after 30½ years, retired from Avon Twp. volunteer fire dept. after 25 years as captain, currently on Crawford County Transportation Authority representing Grayling Twp., has belonged to the American Red Cross for three years, has only missed four Grayling Twp. meetings in last 3½ years.

"Having attended almost every township meeting in the last 3½ years, I feel I'm 'tuned' in to the 'needs' of the township. I will continue to keep informed by attending the meetings obtaining information first hand and taking an active part in the government."

Fred Blaauw

Howard Guyett Sr.

Robert McLachlan

Blanche Miller

ROBERT McLACHLAN — (R) resident 14 years. Lansing Sexton graduate, attended Lansing Community College. Self employed in several different businesses, currently is also the Grayling Township Constable.

"The previous township boards have provided for steady growth in services, roads, and employment. It is important to continue down these avenues and to work with the other government units of the area to administer to the people of Grayling Township."

BLANCHE MILLER — (D) resident six years. Education: Cooley High School - Detroit, Central Michigan University, Mercy College, Detroit. Qualifications include 20 years management of private business, formal accounting and computer education, and background in governmental accounting and budget management. Has served as deputy county clerk for last five years in charge of all accounts payable. Currently finance chairwoman for new Commission on Aging, chairwoman of Camp Shawano Advisory Council, and member of Citizens Advisory Committee for Hanson Hills.

"My wanting to accept a portion of the responsibility for local governing is a desire born of several years of community involvement; and is a responsibility I feel qualified to assume. My first hand knowledge of governmental accounting, budget management, and familiarity with the mechanics and problems of local government are what I offer. I hope this experience, my past community service, and my genuine concern for preserving fiscally sound, progressive, and responsive local government will earn me the support of Grayling Twp. voters."

Larry Grant

Arnold Stancil

Joseph Elekonich

Beaver Creek Township Clerk

FLORENCE NELSON — (D) native of Crawford County. Graduate of Grayling High School and Western Union Tele-Type School in Indiana. Has served as Beaver Creek Township Clerk for past 10 years.

"I enjoy working for my community."

Florence Nelson

JoAnn Cooper

JOANN COOPER — (R) resident 16 years. Graduate of Marlette High School, one year of courses at KCC and one year at Flint Community College. Has served six years as Beaver Creek Township deputy clerk, four years as secretary of the Beaver Creek Planning Commission, 20 months as secretary for Beaver Creek Township supervisor, and one year as treasurer and one year as secretary for the Beaver Creek Home Extension Club.

"I believe I am qualified to perform the duties of township clerk and I feel part of that responsibility is to provide top notch service to the residents of the township. If elected, I plan - as your employee - to establish regular office hours in order to provide the courteous and efficient service you have a right to expect. I also believe an effective township board member should be willing to listen to both sides of an issue and be willing to represent the views of the majority of the people."

State Representative 103rd District

PEGGY STECKLING-DISS — (D) A third generation resident of Roscommon County, Steckling-Diss has been elected the last 12 years by the Gerrish-Higgins School District. She received her Masters and bachelor of arts degree from Central Michigan University and an associate degree from KCC. She is a member of the St. Helen Chamber of Commerce and president of the St. Helen Bluegill Festival Association. She is also a member of the Michigan Reading Association, Jackpine Reading Council, and American Legion Auxiliary.

Steckling-Diss seeks election to the 103rd by offering the District a hard working individual interested in the needs of the area and people in it. She assures the public that her election would put someone in Lansing whose presence would be felt and voice would be heard.

RALPH OSTLING — (R) Has served six terms in the state House of Representatives and is vice-chairman of the House Appropriations Committee. Graduate of Roscommon High School and received his Masters and bachelor of arts degree from Central Michigan University. Served 17 years as Gerrish Twp. clerk and taught secondary education in the Gerrish-Higgins School District. Ostling also served in WW II in the U.S. Navy and is a member of the V.F.W., Rotary, and Lions.

"For the past twelve years I have had the privilege of representing the people of the 103rd District, and I look forward to the opportunity of serving them again for another two years. It is not an easy job, and it continues to be a challenge for me. I have dedicated most of my life to public service and I hope the people of lower northern Michigan agree with me that I have done and will continue to do my best."

A Look at Local Candidates in Election '84 in Crawford County

Beaver Creek Trustees [2]

EDNA HAMMERMEISTER — (D) resident 6 years. Graduate of Southwestern High School. Employed 27 years in the automotive field, owned own business for three years.

"I am a resident of Beaver Creek and I'm interested in our Township and would like to make it a better place to live."

KATHLEEN MOBARAK — (R) resident 5½ years. Has spent the last five years here working with 4-H youth groups, the last three years here as a volunteer teacher's aid in the elementary school, and has worked two years with Home-maker's extension groups.

"I believe elected officials have to be sensitive to the needs and voices of the people who elected them. In my six years in this community I have been a very active part of it. I would like to continue to help the people in Beaver Creek as the next township trustee. I will always hear your problems and place your needs in high priority."

RICHARD WILLIAM JOHNSON — (D) resident 20 years, lived in Beaver Creek 16 years as a child and moved back four years ago. Graduate of Cocoa High School in Florida. Currently self-employed in auto body repair.

"I care about our community and feel our local government needs to establish new priorities. If elected, I will be a practical, unbiased, outspoken member of your township board."

Beaver Creek Treasurer

TERRY MCGREGOR — (D) resident 13 years, Roscommon High School graduate, currently Beaver Creek deputy treasurer and employed as township secretary.

"Like other residents of Beaver Creek Township, I am interested in the welfare of our community and I would like to take an active role in representing the people of Beaver Creek Township. My experience as deputy treasurer, and also as secretary for Beaver Creek Township, has familiarized me with tax collections and procedures, tax rolls and assessment records, and other responsibilities and duties of the treasurer. Responsibilities and duties I know I can handle. I would serve you well as treasurer but I need your support."

Terry McGregor

James Small

JAMES SMALL — (Write-in) resident 35 years, Grayling High School graduate, contractor and builder for 30 years doing own bookkeeping, yeoman in U.S. Navy in charge of ship's office.

Small lists his attributes for the office as honesty, a sense of fairness along with the ability to perform hard work and the perseverance it takes to do the job that needs to be done.

U.S. Representative 11th District

BOB DAVIS — (R) Has served three terms as U.S. Representative from the 11th District. A life-long resident of the 11th District, Davis says there is a need for a strong, steady voice in our nation's Capitol.

"I have been privileged to represent the people of the 11th District for the past six years, and look forward to continuing to work for the best interests of our people. I believe my voting record reflects the views of my constituents and that my experience in both the state and federal legislatures allows me to work effectively on behalf of my district."

I realize there are many economic problems yet to be solved in our district, but I am very optimistic about our future when I look at our strong forest industry and tourist base. I am hopeful we are also seeing the beginnings of a resurgence in our mining and shipping industries."

TOM STEWART — (D) Was born in Petoskey and his family for three generations have lived in the 11th District. Graduate of Aquinas College, he developed a successful professional golf career in addition to owning a small business. He was selected president of the Michigan Section Professional Golfers Association of America.

During his off-season, Stewart has traveled overseas on volunteer missions including working with Mother Teresa in India. He has worked as a hospice worker in the district and has helped troubled young persons.

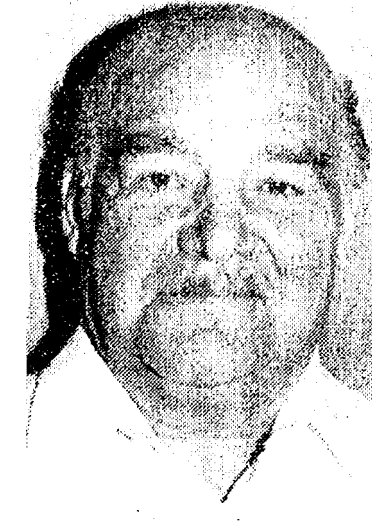

"Unemployment in northern Michigan is almost twice the national average. We can't afford any more excuses. We must put people back to work. I will strive to protect our vital industries and fight for new jobs."

Unfair foreign trade policies have devastated our economy. Those policies must be stopped. I also believe that government must focus more of its attention on small business. As a small businessman I understand the potential of our business community and the obstacles to growth. As your next Congressman, I will be small businesses' right arm in Washington."

Lovells Township Supervisor

LYLE JEWELL — (R) resident 5½ years. Graduate of Armada High School and attended Western Michigan, Central Michigan, and Michigan State. Has served two years as Lovells Twp. trustee, two years as co-chairman of the Crawford County Planning Commission, and two terms as chief of police. Worked five years at Grayling State Bank and retired after 15 years working in probate court.

"I am running for the office of Supervisor because, I believe that my experience, my ability, my willingness to serve are very important to our local government. I have studied the most recently revised township laws and believe that with a good township board we will make our 'mark' for the betterment of the people."

Lyle Jewell

George Wingeler

GEORGE WINGELER — (Write-in) Education: Michigan Lutheran Ministries Institute, Delta College, University of West Virginia (C.T.D.). Served 6½ years on Lovells Township Board of Review, member of the Crawford County Commission on Aging, headed the Neighborhood Watch Program, president of the Hook and Trigger Club, served on township committees concerning the cemetery, DNR clearing-cutting, and military activities, worked 32 years at General Motors including supervisor of engineering maintenance at Chevrolet division.

"The residents of Lovells Township need to be listened to and heard. They do not need to be governed but want to govern and have their needs met. They want services rendered to them for their benefit at less cost. I want to listen to them, work for them as a public servant and not as an employee."

Lovells Twp. Treasurer

DOLORES HABERLAND — (R) resident seven years, graduated third highest with 3.94 average from Vandercook Lake High School, Jackson County, Mich., bookkeeping and accounting three years at Model Finance Corp. in Jackson, bookkeeper and manager six years Tru Value Dress Shop in Bay City, owner, operator, and bookkeeper Haberland Upholstery 14 years in Bay City and Grayling, treasurer in church organizations in Bay City and Grayling.

"The township treasurer's office has been my goal for six years. I have attended 95 percent of the meetings and some workshops (since March 1978) to learn about local government, assessments, zoning, and the people's wishes. I have been an election official for the past six years and I am familiar with the fire dept. I have 33 years experience in bookkeeping. If elected I will act in the best interest of all of Lovells Township and next year, I would collect taxes at the local level."

Dolores Haberland

Bernice (Doll E) Baughn

BERNICE (DOLL E) BAUGHN — (Write-in) resident eight years, Howell High School graduate, bookkeeper for A & P stores for 12 years, editor and office manager of home town newspaper for six years, supervisor and bus driver for public school transportation dept. for 12 years.

"We are members of the Hook and Trigger Club, and since last winter I have been on maintenance for Lovells Township. I love this area, as I have the past 30 years as a vacation spot. I love the people here, and I really care about what happens in the community. I feel that I am honest, and qualified to be your treasurer. I have no obligations that might interfere with whatever time is necessary to perform duties of a treasurer."

U.S. Representative 10th District

DON ALBOSTA — (D) First elected to Congress in 1978, Albosta has served on the public works and transportation, post office and civil services, and aging committees in the U.S. House of Representatives. Albosta says his district offices in the 10th District handle more than 12,000 cases a year and he returns home each weekend to meet with constituents.

"We must restore fiscal responsibility to the Federal government and stop the huge \$200 billion plus deficits that are rung up every year for our children and grandchildren to pay."

BILL SCHUETTE — (R) Was born and raised in the 10th District at Midland where his father worked for Dow Chemical. He graduated from Midland High School, Georgetown University, and the University of San Francisco, where he received his juris doctorate. He returned to Midland to practice law and resides in Sanford where he owns a home.

Schuette has been active within his home county on the hospital board, the Salvation Army advisory board, county housing commission, and chamber of commerce.

He is a member of the Midland County Republican Committee, the 10th District Republican Committee, and the Issues Committee of the Michigan Republican Committee. He was the Michigan Political Director of the Reagan/Bush campaign in 1980 and is a strong supporter of President Reagan's programs.

Clerk/Register of Deeds

JAMES KOLKA — (R) resident 58 years. Education: Grayling High School, Western Michigan University 1/2 year, Central Michigan University 1 1/2 years. Employed with Cadillac Overall Supply Co./Arrow Overall Supply Co. 31 years, sailed on Great Lakes as wheelsman 5 years, served in U.S. Navy 3 years, served on Crawford AuSable School Board 12 years and C.O.O.R. Intermediate School Board 6 years.

"I have lived in the Grayling and Crawford County area all my life. The community has been good to me and my family. We have enjoyed the opportunities provided by our economic and governmental administration. Now that I have the time and opportunity, I wish to do my share in providing this service to others. I feel that I owe it to the people of Crawford County. With my college background I feel very qualified to provide this public service."

James Kolka

Elizabeth Wieland

ELIZABETH WIELAND — (D) resident 19 years. Graduate of St. Mary's High School in Bay City. Has served last two years as Crawford County Clerk/Register of Deeds, served Grayling Township 11 1/2 years as Clerk, employed 12 years with the U.S. Dept. of Agriculture, has completed the mandatory Governmental Accounting Course.

"The Clerk/Register of Deeds is responsible for recording minutes for the Crawford County Board of Commissioners, Board of Canvassers, and Allocation Board, and handles the accounting for expenditures in the county as well as co-signing with the treasurer for all the funds dispersed through the county's \$2 million budget.

The Clerk/Register works with five deputy clerks and two custodians and is in charge of circuit court files and arranging jurors, conducting elections, recording births, deaths, marriages, and all land transactions, and preparing payrolls for more than 130 county, DPW, Dial-a-Ride, airport, library, and Youth Services employees, Federal, state, and local regulations and accounting procedures become more complex daily. Experience counts here and I feel I am the best qualified person to do the job."

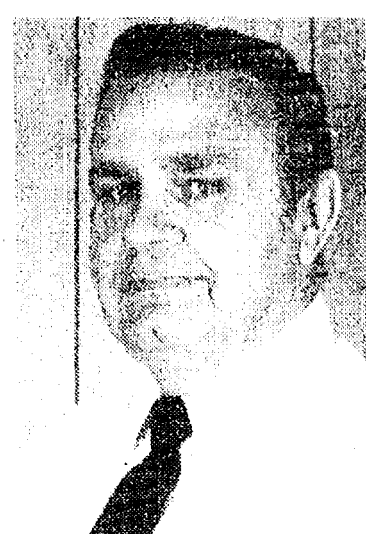

Sheriff

HAROLD HATFIELD — (R) resident 51 years. Attended Grayling High School, has served more than 31 years in law enforcement as an administrator and street officer. Served 27 years for the City of Grayling as Police Chief and patrolman and served four years as Sheriff of Crawford County (1973-1976).

"There is a need for some changes in the Crawford County Sheriff Department that only a strong and capable leader can make. I will try to run the sheriff's department within the budget and I feel there should be a better relationship between the sheriff and officers. In a small department the sheriff should know his men's capabilities."

Joe White

Harold Hatfield

JOE WHITE — (D) resident 30 years. Graduate of Grayling High School and Michigan Sheriff's School in Lansing. Certified in 1970 by Michigan Law Enforcement Training Council at KCC. Law enforcement officer for 23 years (22 years on Crawford County Sheriff Dept. - last 4 1/2 as sheriff), served 19 years on fire department including seven years as fire chief, attended numerous federal, state, and local training schools, helped write grants for approximately \$300,000 to date for sheriff dept.

"Most of you know my qualifications, you know about the changes I've made, you know about the accomplishments, and the pitfalls - you read about them every week in this very paper. 'Why are you running for office?' Simple question...my answer is equally uncomplicated. Because I care for the people of Crawford County. No politics, no mud-slinging, no flowers. Why shouldn't I answer in such a manner, I'm one of you, Joe White, citizen of Crawford County, caring about its future. My ideas and feelings are invested in Crawford County and I will continue to be the best Sheriff for Crawford County."

ALTON DAVIS — (non-partisan) Graduate of the Detroit College of Law. Has served as chief assistant and Prosecutor for Crawford County and special prosecutor for neighboring counties, established his law firm in Grayling ten years, was founder and a past president of the 46th Circuit Bar Association, currently serves as trustee of the state Building Authority by appointment from the governor, and served two years as administrative assistant to the Chief Judge of the U.S. District Court in Detroit.

"The seat of the newly-added Circuit Judge will be in the county of residence of the new Judge. Since the current Judge is a resident of Otsego County, citizens, lawyers, law enforcement personnel, and the local units of governments in all three counties will realize a substantial savings in time and expense if the Judgeship is located in Crawford County - the midpoint of the Circuit. I am well suited by experience and temperament to carry out the duties of a Circuit Court Judge and will maintain the integrity and professional standards presently observable in the 46th Circuit Court."

County Commissioner District 1

JEANNETTE KITCHEN — (R) resident 54 years. Graduate of Grayling High School, six hours in courses at KCC, 90 hours of real estate courses in various areas. Has served three terms as Crawford County Commissioner, four years on Board of Review, and has worked 17 years in real estate.

"As a lifelong resident of Crawford County, I feel I bring to the community a wealth of background and share with its citizens a concern for its progress and welfare. As a commissioner I have supported consistently new industry and job creating proposals such as Weyerhaeuser, K mart, Custom Forest Products, Grayling Health Care Center, and re-establishment of the Grayling Fish Hatchery. I take pride in the fact I have been a full-time commissioner for the people of Crawford County and my door has been and always will be open to all concerned citizens."

Junior Palmer

Jeannette Kitchen

JUNIOR PALMER — (D) resident 60 years. Graduate of Grayling High School and radio mechanic and operator's school for the U.S. Air Force. Self-employed with business experience, he is familiar with all phases of building trades and has been a property owner in the City of Grayling for 37 years.

"If I am elected to the county Board of Commissioners, I propose to use a common sense approach to spending your tax dollars - if it's not absolutely necessary, don't spend it. Get the taxpayer's money's worth when you do spend. No more deficit spending. Get the county back into solvency without continually raising the property owners' taxes. We are all at the saturation point now, evidenced by the For Sale signs throughout the city and county. Get county government back to what it was originally intended to do - provide only the services we need and can afford."

County Commissioner District 7

GARLAND JOYCE — (R) resident 6 1/2 years. Education: Wayne State Univ., Masters degree in school administration and labor relations, Wayne University, Bachelor of Science degree in education. Served more than a year as Crawford County Commissioner for District 7, was assistant superintendent at Oak Park Schools, more than 20 years experience as chief labor negotiator for Oak Park and other institutions, instructed at Wayne State in labor relations and personnel procedures, served as chairman of the Crawford County Planning Commission, member of Grayling Twp. Tax Review Board, and C.O.O.R. Intermediate School District Board of Education, served on county commissioner committees of District Health, Housing, Solid Wastes, Finance, Labor, N.E. Manpower, and others.

"I have the experience in my background to enable me to continue to be a knowledgeable, professional commissioner representing Crawford County. I have the necessary time to devote to the task of being an attentive, informed, thorough, active, and contributing member of the commission. I have the desire to serve the needs of the people of Crawford County, and to improve county government in every area possible."

MAHLON RIKER — (Write-in) resident 22 years. Graduate of Hesperia High School, has completed various Dale Carnegie, Michigan State University, and U.S. Air Force special schools. Has been businessman past 20 years in Crawford County, employed as salesman for 8 years, experienced

WILLIAM RUDDY — (R) resident 5 years. Graduate of Lincoln Park High School and American Institute of Banking, attended Walsh Institute of Accounting. Employed 27 years in the banking field including 9 years as bank examiner with Federal Reserve Bank, insurance agent last two years.

"I feel that Crawford County is in the midst of some economic growth with the new industries coming into our area along with other businesses that will attract people and dollars to our community. I will put forth my best efforts to help this growth continue. I also feel my business experience will be a valuable asset in working with the other members of the Board of Commissioners to give the county a good working team with a common goal of balancing the county's budget."

Don Welser

William Ruddy

DON WELSER — (Write-in) resident 21 years. Currently serving as Crawford County Commissioner for District 5, chairman of labor negotiations committee, also on finance, law enforcement, building and grounds, and judicial committees and is alternative to landfill board. Campground and mobile home park owner, previously a motel owner and builder.

"If elected I will continue to think before voting to spend your tax dollars, and with the help of some of the other commissioners, I will help get the budget out of the deficit and back in the black."

"I am, as most of you know, an 'untra-Conservative' especially on taxes and the intelligent use of your monies. As in the past I will continue to voice objections to misuse of dollars for purposes I consider to be not in the interest of the taxpayer. Before spending any of these dollars I prefer to ask the guy on the street. I have not spent 'one cent' of taxpayer dollars on travel, dinners, or overnight lodging outside of the county and do not believe that the taxpayers should be working and paying just so the local officials can travel to some distant county or state to be wined and dined under the guise of learning how to run the county and the people in it."

Garland Joyce

Mahlon Riker

as equipment operator, former emergency medical technician for Crawford County Ambulance Corps.

"The county commission is made of seven elected representatives from seven districts within the county, each having a voice and a vote. The combined decision is what runs the county government. Quitting and calling the commissioners names is ineffective - not effective representative. I know my job will be to represent the people in the district at the county level decisions. I am not a person to just go along with the rest. I'll hear their viewpoint, they'll hear mine. Each decision I'm able to take part in will have my personal effort. I can furnish effectiveness as commissioner."

Circuit Court Judge

JAMES COTANT — (non-partisan) Received juris doctorate from the Detroit College of Law and bachelor of science degree from Xavier University. Currently Prosecutor for Otsego County, served five years as assistant prosecutor in Otsego County and two years as assistant prosecutor for Oakland County, is partner in law firm of Dennany & Cotant, and served as legal advisor for the Detroit Police Dept. and administrative assistant to the Detroit Police Commissioner.

"I pledge to provide with Judge Porter, the same fair and impartial justice we presently enjoy. I am certain with Judge Porter, we could provide the litigents of the Circuit Court an early resolution to their problems and quickly eliminate any backlog that exists."

Girls Are a Perfect 10, Lead League by 2 Games

You won't find the wave — the latest craze by sports fans — at the Grayling High School gym during a Viking girls basketball game.

Despite a perfect 10-0 conference record and a 13-1 season mark, the bleachers at the Grayling gym haven't been filled yet this season for an outstanding basketball team.

"The girls deserve a little more support," head coach Tom Mills said. "They're having a good year and they're playing some exciting basketball."

The 1984 girls blasted Boyne 55-38 and Cheboygan 63-49 last week to continue their two game hold on first place. They have a chance to become the first girls or boys basketball team to go through the Michigan Huron Shores Conference undefeated. They also have a shot of posting the most wins ever for one season by either a boys or girls team.

"All ten players on the team deserve credit for our success," Mills said.

Grayling has had players come off the bench all year long to contribute to a win. "Whether it's helping out in games or at practices, it's been a ten-player effort," Mills said.

Against Boyne City, four Grayling players hit doubles. Michelle Moore, Erin Jones, Michelle Barber scored 12 each and Kris Laudenslager scored 11. Heidi Derenzy scored 6, and Audra Small 2. Laudenslager led with 13 rebounds.

Grayling outshot Boyne 80 to 35 as they dominated the boards. Boyne hung with Grayling trailing only 9-7 and 21-19 after the first two periods. Grayling opened the lead to 33-27 at three quarters and the shots started falling in the fourth quarter.

Against Cheboygan, Laudenslager had 23 points, 17 rebounds, and five steals. Michelle Barber had 17 points and 13 rebounds and Erin Jones helped with 7 points and 5 assists. Michelle Moore scored 8 points, Heidi

Derenzy hit for 4, Shawn Denton 2, and Audra Small 2.

The game was close heading into the last frame. Cheboygan had a first quarter lead of 12-10 and then Grayling led 29-28 at the half. The Vikings took a six-point advantage into the final eight minutes, but it took successive fast break lay-ups from Derenzy, Jones, Moore, and Laudenslager to break the game open.

Mills said he didn't know if his team's late surges were because of the team's good conditioning, a comeback from a slow start in the game, or a combination of both.

Either way, the Vikings have been coming on strong in the fourth quarter in most of their games since a

dramatic comeback in the opening game against Johannesburg-Lewiston.

Grayling traveled to Gaylord Tuesday and plays Roscommon there Thursday before a home game Tuesday, Nov. 6th, against St. Ignace. The game starts at 6:15 for the junior varsity contest and about 8 p.m. for varsity.

"I'M BILL SCHUETTE. I NEED YOUR VOTE."

During the last 17 months while I've been campaigning for Congress, I've traveled thousands of miles visiting every corner of Michigan's 10th Congressional District.

I've been to most every town and city, and I've met a lot of people. I've also made a lot of friends. And I want everyone to know that I'm thankful for the friendship, the hospitality and most of all, for making me feel welcome.

I've discussed the issues of this campaign everywhere I've gone.

The biggest thing I've discovered is not everyone agrees with me on all the issues. Mostly, though, I'm amazed how many people do agree with me.

The message is very clear. The voters of our district want a change. They want new direction. They want new leadership.

That's why I have pledged to oppose any tax increase. And I will.

I have pledged to support a Balanced Budget Amendment. And I will.

I have pledged to serve on the House Agriculture Committee. And that is my top priority.

I have pledged to support President Reagan and his economic programs, to keep the economy rolling and create more jobs.

I'm the only candidate in this important race to publicly state these goals. It's apparent there is a difference between myself and my opponent. You can count on me to stand by my word.

Now the choice is yours. The decision is yours. I'm asking for your support. I need your vote.

It's a vote for your future.

GHS Players Ready "Disaster" For Public Viewing

The first production for the Grayling High School Players of the season will be presented in the Joseph Stripe Auditorium on Thursday, Friday and Saturday, November 8, 9, and 10. Curtain time has been set at 8:00 p.m. and price of admission is \$3.50 with tickets available at the door. This first production is a spoof on Hollywood entitled "The Great All-American Musical Disaster".

This year, for the first time in their history, the Grayling High School Players are offering Season Tickets to their productions. Cost of the season tickets are \$10.00 for adults and \$6.00 for students and senior citizens. Season ticket holders will receive reserved seat tickets for all three of the Players productions. Future productions include "Pools Paradise" on January 31 and February 1 and 2, and the Broadway Musical "Camelot" on May 9, 10 and 11. Season ticket order forms may be obtained from any member of the Players, from the Board of Education Offices, the Community School Office or the Commission on Aging Office.

There is a good possibility that "The Great All-American Musical Disaster" will be one of the funniest evenings since last year's Rotary Minstrel Show. The entire performance is built around the efforts of an enthusiastic film producer, Junior Dover, Jr. (played by Damon Thayer) to create an award winning disaster film. To achieve his fantasy, he solicits the talents of all the Hollywood "greats" and promises each that they will be the star of the picture. The "disaster" really comes about when each of these well-known personalities discovers that they are not the star. An added treat for the audience will come when they attempt to identify the several Hollywood "greats" as they are introduced during the first act. Especially enjoyable will be the performance of Apassionatta Abalone, (played by Brenda Prause) as she attempts to coerce the way back to stardom after twenty years of retirement.

Local Welcome Wagon Rep Named

Betty Mansfield has completed training as a Welcome Wagon (Hostess/Host) and will soon begin visiting households in Grayling. The announcement was made by Barbara Marshall, President of Welcome Wagon International, Inc.

Betty Mansfield will call on newcomers, engaged girls and growing families to present useful household gifts from local businesses and professionals. As a community service, (she/he) will also distribute helpful information for many civic and cultural groups as well as government agencies. To request a Welcome Wagon visit, contact Betty Mansfield at 348-8582.

The largest and only national service of its kind, Welcome Wagon provides personalized advertising for over 100,000 commercial businesses and professionals in the medical, dental, health-care, legal and animal-care fields nationwide. Annually, thousands of Welcome Wagon Representatives call on over one million households to greet or congratulate engaged women, new parents and movers. In many college communities, they also reach students in the company's Campus Welcome Program.

The organization was founded in Memphis, Tennessee, and derives its name from the Conestoga wagons of frontier days. As westward-moving wagon trains neared a frontier community, townspeople sent out a wagon loaded with food and gifts in hopes of enticing the travelers to settle in the town. This tradition was revived with the formation of the company in 1928.

Betty Mansfield is active in American Business Women's Association in Grayling.

LIVING SCIENCE BIOLOGIST — Once there were three scientists who came to our school. The one who came in our room was Bonnie and she had a big, big toad. His name was Buffo and she had a frog named Shamrock, a turtle, a snake and two parrots and a ferret. They had all of the animals here at the Grayling Elementary School for the classrooms on September 24 and 25, 1984, Monday and Tuesday. We learned about three kingdoms, about plants, animals, and fungi, and we got to pet all the animals. The two birds we got to hold. The one bird's name was Arata. It was colorful and the other bird was light green. We could say "hello" or say "I love you." It was fun. I liked it a lot. Songs that do make a difference

Music has a strong influence on the emotions of man. Songs make us sad or happy, gay or sentimental, thoughtful or frivolous.

But there are songs that do even more... that make a difference in our lives... in what we shall become.

These are the hymns that men and women have cherished through centuries of faithful worship in cathedrals and village chapels. And among them are the lovely little songs of childish devotion that teach a youngster of Jesus' love.

Are your children learning the songs that make a difference? Is your family growing spiritually in the worship and associations your religion offers?

"Electricity... The Best Bargain Is Right At Home"

Now that the days are getting shorter and the nights cooler, many of us like to dream of escaping the Michigan winter for sunny Florida or Texas. Maybe even far-off California.

But whether you favor the South or West, have you considered the energy bargain you would be leaving behind in the Great Lakes State?

Even if, like most of us, you intend to move no farther than your favorite armchair this winter, you may be interested to know what folks in other parts of the country pay for the same amount of electric power.

"Bargain" may not be the description that comes first to mind when you think about utility bills. But all things are relative, and the cost of electricity in Michigan compares very favorably with the Sunbelt rates that lie at the end of I-75 or I-80.

Some comparisons will illustrate the point. They are based on an average consumption of 500 kilowatt-hours (kWh) a month, which excludes water and space heating but may allow for a little air conditioning.

Consumers Power Company's current rate for this level of consumption is \$31.66, as of the October 1984 bill. In the comparisons which follow, July 1984 rates—the latest available—will be quoted for other utilities. Incidentally, the Consumers Power rate at that time was \$29.96.

So let's switch on the air and head down to Florida...

Should you choose to spend the winter in Miami you become a customer of Florida Power and Light, whose 500 kWh rate was \$48.63. St. Petersburg (Florida Power Company) was a little cheaper at \$41.89. And so was Tampa (Tampa Electric Company) at \$43.49.

But don't forget that Consumers Power's rate is \$31.66! Perhaps you prefer the wide open spaces of Texas. Houston Lighting and Power Company will welcome you at \$40.55.

Swinging northwest will bring you to Phoenix, where Arizona Public Service Company's rate was \$48.00.

Palm Springs (Southern California Edison Company) offers some relief from the desert dryness and high electric rates at \$39.06.

But if you want to siesta in San Diego, hold on to your wallet! San Diego Gas and Electric Company charged \$58.93 almost DOUBLE the current Consumers Power rate (\$31.66, remember) for the same amount of power.

In fact, the average rate Consumers Power residential electric customers paid last winter was 25 percent below the national average.

Michigan may not be able to offer burnished beaches in the dead of winter. But compared with many other states, it can let a little sunshine into your electric bill.

The entertainment system that
plays sound and pictures through
your own TV...from discs!

The RCA VideoDisc Player hooks up to any TV and is easier to operate than a phonograph. Just turn it on, insert a disc, and enjoy the show. Now RCA's lowest-priced player is an even better value. Model SJT090 plays any CED disc, and you get features like Forward Rapid Access at 120 times normal speed, pause control, and power-assisted disc loading with Auto Play.
